

# Data Wrangling : We Rate Dogs

Weratedogs is a twitter account that rates dogs with humorous and funny comments and pictures.

Followed by 8,5 M people in November 2019, this popular twitter account was created in November 2015.

Around 11 000 tweets were published since 4 years.

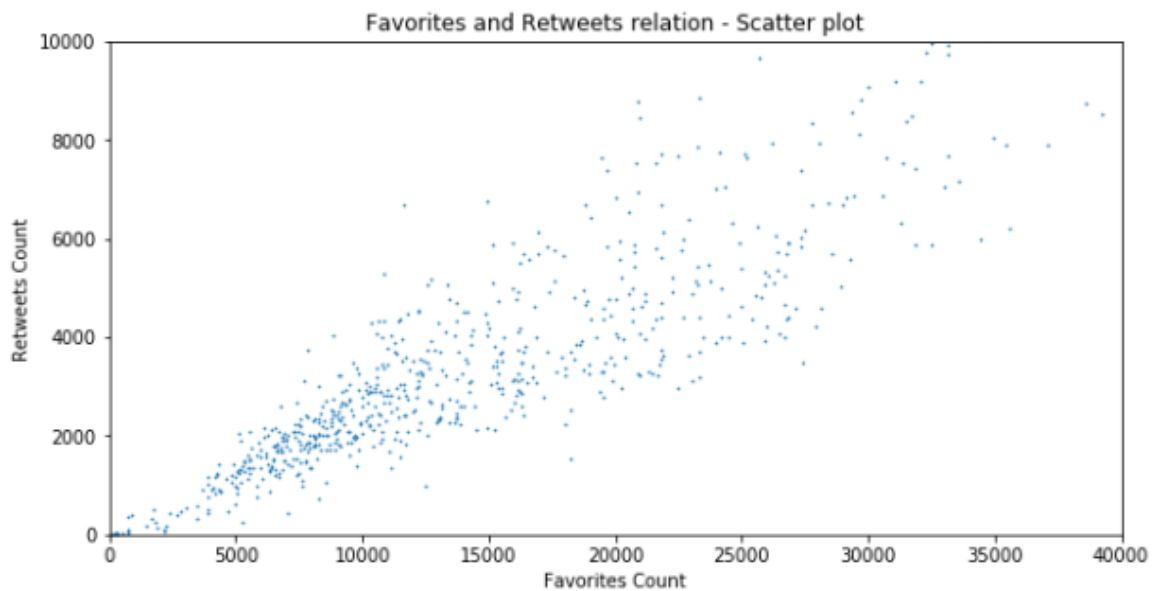

Thanks to a project proposed by Udacity, I have analyzed some data from this account to understand better these tweets.

First of all, I have gathered and cleaned data to have consistent data.

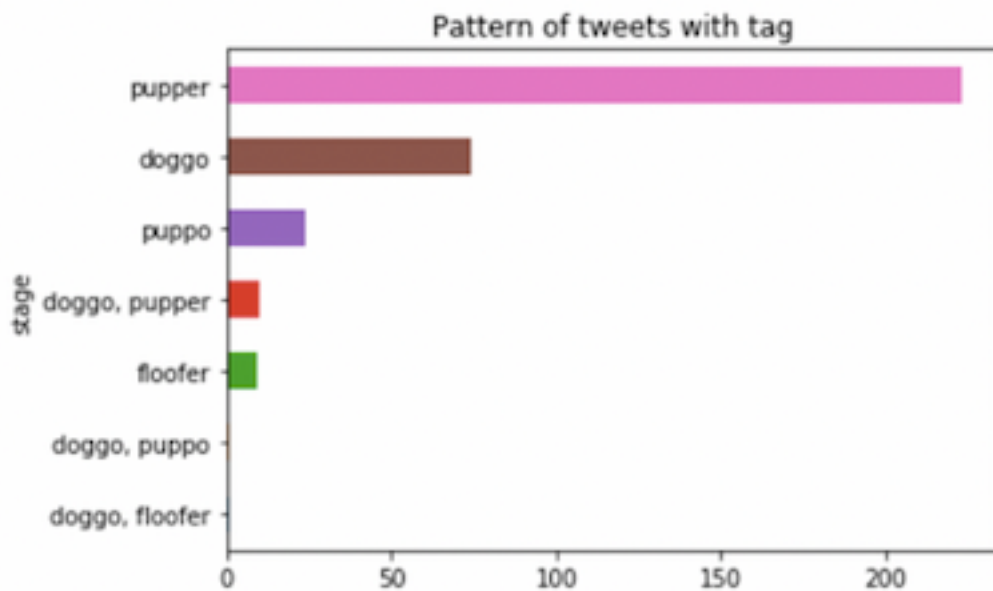

A lot of insights can be found from these data, I will show you only some of them for summarize.

If you would like to have more insights to understand better this twitter account, you can contact me.

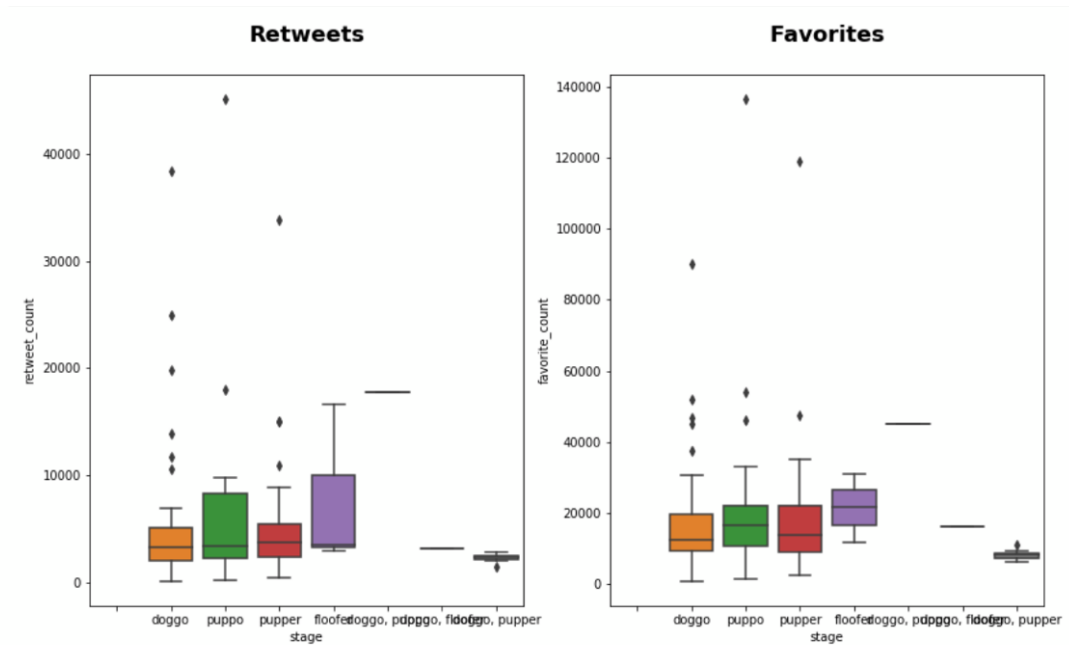

On Twitter, tweet can be liked and also retweeted. Thanks to my analysis, I have found that there is a high correlation between retweets and favorites tweets.

Pupper are more tweeted than other dog stages as you can see on the chart below. As there is a high correlation between favorites and retweets, we can think that Pupper are also the favorites tweets.

Thanks to the plot below, we understand that floofer is the most popular dog stage in average. One of the tweet concerning floofer was retweeted almost 18 000 times. To be noted that the most popular tweet concerned a puppo.

Most popular dogs' names are :

- 1 ex-eaquo: Charlie & Lucy
- 3 ex-eaquo: Oliver & Cooper
- 5 ex-eaquo: Tucker & Penny
- 7 ex-eaquo: Winston & Lola

As I said before, do not hesitate to contact me if you would like to have more insights from this funny Twitter account.
